

The Curly Cousins

The Curly Cousins present themed scripted concerts for children aged 3–10 celebrating the power of music to delight, with rich harmonies, uplifting arrangements, interactive movement and puppets.

As multi-instrumentalists with wide experience as performing and recording artists, our material is of a high musical standard. We incorporate a strong theatrical element with costumes, props and our characters interacting with each other and the audience.

We can present 30 minute stage-based sets with the theme of summer/outdoors/healthy lifestyle etc., with relevant songs already in our repertoire. We perform a mixture of original material and cover songs with the 'Curly' treatment.

Our shows are interactive (actions, call and response, dancing etc.) and family friendly – engaging for parents as well as children!
